Nakisa,

Thank you for following up on the series of issues I asked you and your team to explore further during our meeting last week. However, I had a discussion with Kirk yesterday afternoon as it concerned some of the additional information I requested from him during our meeting and he was able to provide me with everything I requested. As a result, there are a few more topics I would like your team to look at for me, so please let me know when you have time for a call.

As I believe I previously mentioned, for well over a year now, my law firm has been preparing this study in order for us (my firm) to better understand certain components of the UFC's business we believe are important to our representation of the company. Consequently, I would like to bring this project to a close within the next month or so.

Thank you for your attention to this matter, and I look forward to speaking with you soon.

Hunter,

Good meeting you last week.

Deni and I would like to follow up with you on the Mercer work. Specifically we want to discuss:

- Providing additional data regarding fighter compensation we have (Sponsorship & Monster money)
- Any additional information they need from us
- Developing talking points regarding the takeaways from the research
- Discussing the revenue estimates for the leagues vs. UFC (should the total comp be looked at as % of league + team revenue; can we get the team data officially)
- Timing on the boxing compensation analysis they are working on
- o Anything we can help with
- Timing on the growth in compensation analysis they are working on
- o Anything we can help with
- Minimum compensation at other leagues – how is that set?
- o Do we amend the comp structure at the bottom? (this is more of an internal analysis and discussion)

Let us know if there is a time that works tomorrow before lunch, next Monday/Tuesday or after new year.

Thanks  
Nakisa
